Queen Doctors Knife #96, or 66 (mini). SFO. 4-10-2020

This knife made its re-entry into the Schatt & Morgan Keystone Series and has been very popular since 1991. There are two sizes, the #66 is the "mini Doctor Knife" is smaller at just under 3.5", and the #96 is larger at 3.70." The knife has been made as a single blade, as a 2-blade with both a pen secondary blade and main blade as Clip or spear. So far collectors have seemed to like the full-size knife with spear main blade and a secondary spatula. Clarence Risner special ordered many fine knives in this pattern. This listing is incomplete, but is a start.
